

Joplin Synchronisation mit Nextcloud

Joplin Einstellungen:

The screenshot shows the 'Joplin - Optionen' dialog box with the 'Synchronisation' tab selected. The left sidebar contains menu items: Allgemeines, Anwendung, Erscheinungsbild, Synchronisation (highlighted), Verschlüsselung, Erweiterungen, Markdown, Notiz, Notizenverlauf, Web Clipper, and Tastaturkürzel. The main content area includes a 'Sync-Assistent öffnen...' button, a 'Synchronisationsziel' dropdown set to 'Nextcloud', a 'Nextcloud-WebDAV-URL' text field containing 'https://wolke.folkerts.it/remote.php/dav/files/Eike/'. Below this is a warning message: 'Attention: If you change this location, make sure you copy all your content to it before syncing, otherwise all files will be removed! See the FAQ for more details: https://joplinapp.org/help/faq'. Further down are fields for 'Nextcloud-Benutzername' (Eike) and 'Nextcloud-Passwort' (masked with dots). At the bottom, there is a 'Synchronisationsintervall' dropdown set to '5 Minuten', a 'Überprüfen der Synchronisationseinstellungen' button, and a 'Erweiterte Einstellungen anzeigen' button.
